Mrs. Dangel's Class

December 13th, 2019

Michelle.Dangel@southeastpolk.org

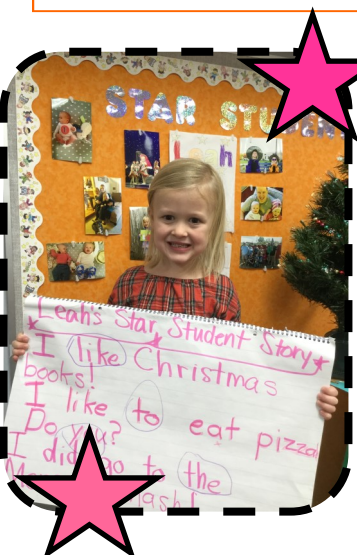

Dear Parents,

This week for math we worked on comparing numbers using greater than, less than, and equal. We have worked with a partner during a game, used the symbols together in small group, and compared sets of objects. We are doing very well at this! As you do the homework you child can add the symbols if they would like!

On Wednesday we visited our 3rd grade buddies and enjoyed a book they read to us. On Thursday we practiced event writing about our buddy visit. We had kids writing 2 or more sentences about this! It was our best writing yet this year! Thank you for practicing writing at home!

Many students are needing reminders for behaviors they know how to control. We need all our learners to be safe, kind, and follow directions everyday so all can learn.

Leah Sponheim did a great job as our leader & we loved her pictures!

Mr. D has a dazzling dance

Mr. D loves dancing and dinosaurs! We enjoyed dancing with him and reading some fact books about dinosaurs. We made a class book on Friday about what we would like to do with a dinosaur if we had one today! We all need to practice writing lowercase d. Thank you to Keegan for the Mr. D donut snack!

Have your child write these words for you on their own to practice writing LOWERCASE d:
had dot dad nod bad
